Pentagon Work Cited**

Dear Chief Kreiter...The American Kennel Club (AKC), headquartered in New York City, would like to express gratitude for the significant contributions that the Maryland-National Capital Park Police, Montgomery County Division made in the aftermath of the September 11 disaster. We have specifically set up the AKC Disaster Relief Fund to provide financial support for search and rescue dogs and their handlers that participated at the site of the World Trade Center, Pentagon and in Pennsylvania. The AKC is pleased to donate \$2,000 to your organization on behalf of all who were moved by the heroic efforts in this tragedy. Thank you for all that you have done for America.

Alfred L. Cheaué'
President and Chief Executive Officer
